## First Years

I was born on August 26, 1971. I was 24 inches long, and I weighed 8 pound 11 ounces. I was the first child and only son of Mr. and Mrs. Glass. My mother's name was Mary. And my father's name was John.

My mother and father had their first Anniversary on September 12. It was 17 days after my first birthday. They were really happy on their Anniversary.

My first Christmas was really fun. We went up to my Mom's house for lunch. We had fun. My cousins Ben and Michelle were there. All though it wasn't my favorite Christmas, it was fun.

My first word ~~was~~ <sup>that</sup> I said was car. I said the word car when I was 8 months old. I also walked when I was 9 months old.

During the next years I kept on walking, along with talking. I was able to do more things because I was getting bigger and smarter.
